

AQUARIA

This guide was written for those trying to hunt down every last treasure in the game. It is full of spoilers and will even ruin some of the story if you're reading it on your first play through. It is not a walkthrough, but it certainly will help you get through the game a little faster if you already know what to do.

Happy treasure hunting!
- Momruoy

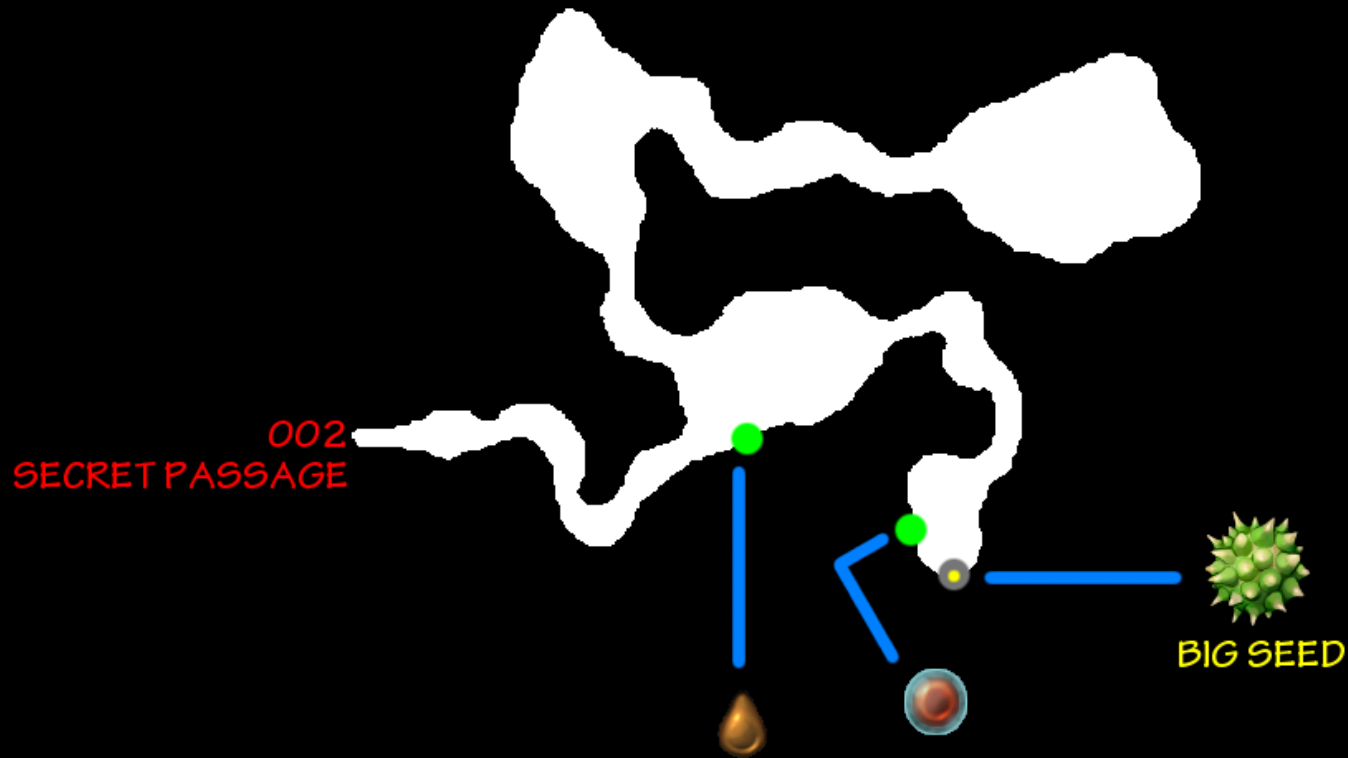

Do not try to print these maps out!
They were designed for a screen only.

For a complete list of all song plants, treasures and song locations, see the last page.

The map shows a complex maze of white paths on a black background. Several key locations are marked with colored dots and lines pointing to them:

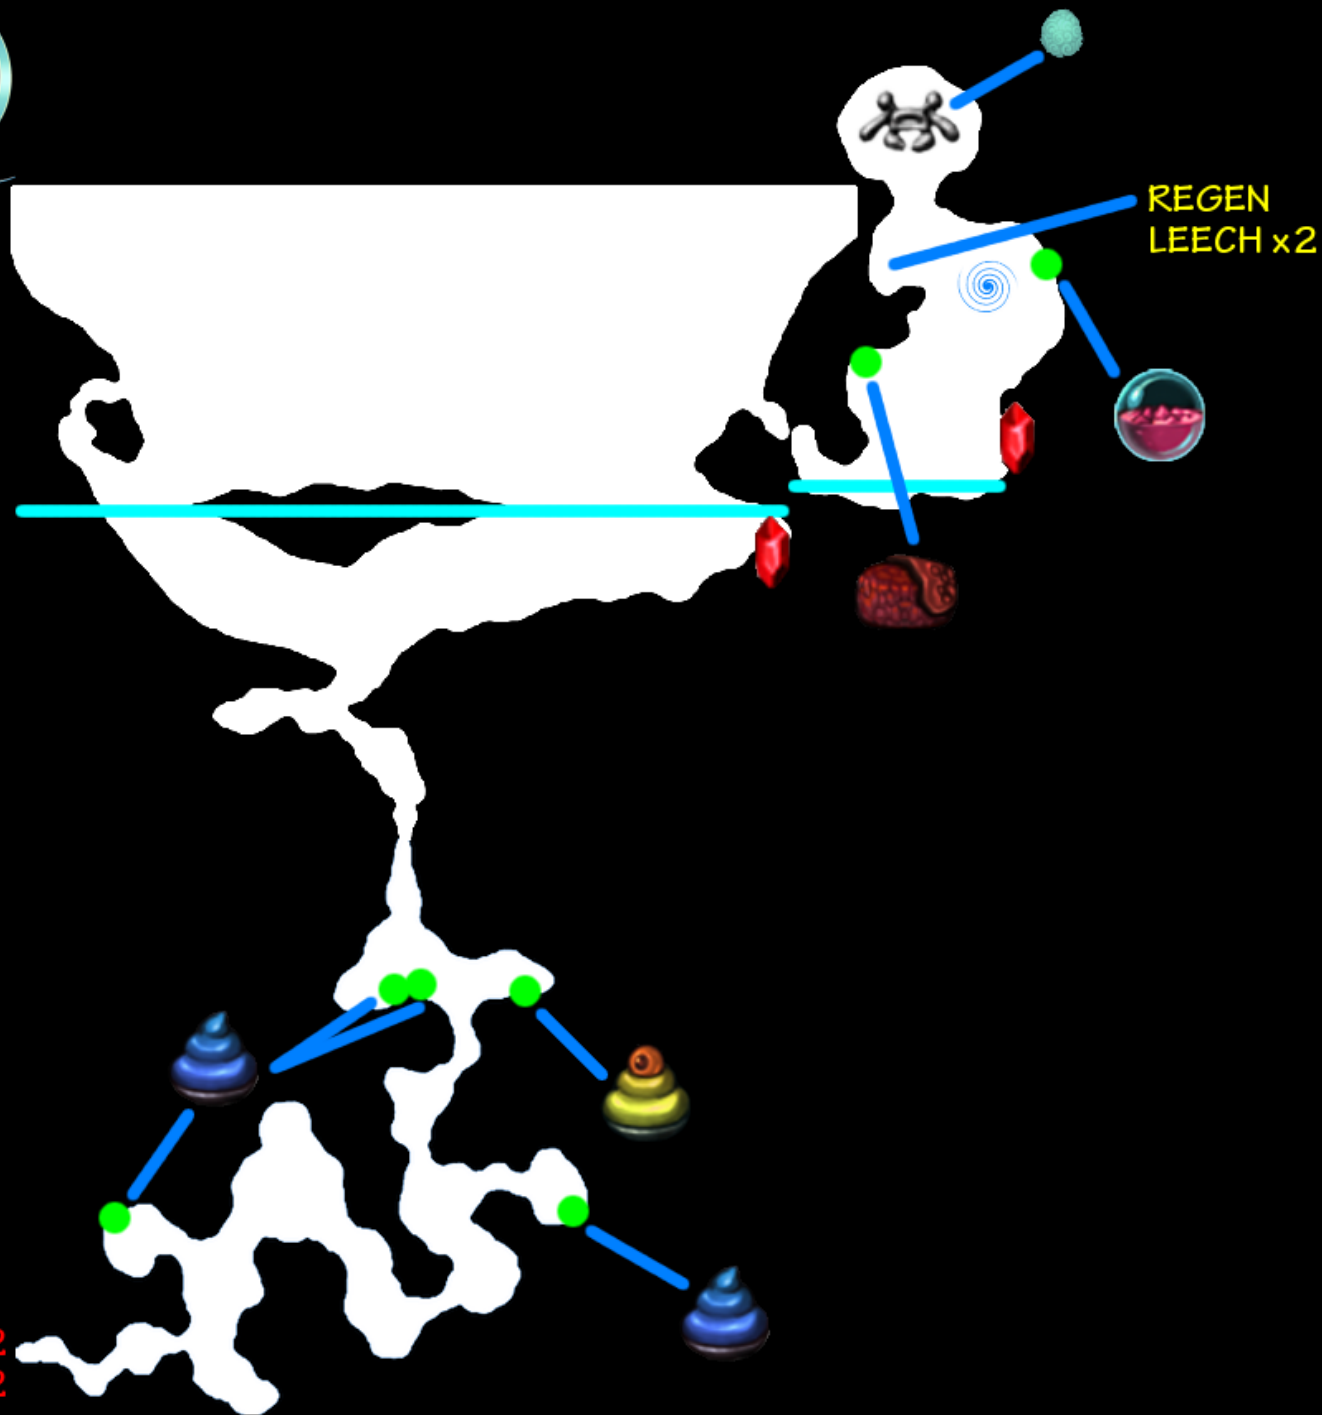

- 031 ABYSS 1**: Two locations, one on the left and one in the center-left, marked with red text. The top-left one has a blue arrow pointing to a green dot.
- LOST MEMORY**: Marked with yellow text and a blue line pointing to a red gem on the right side.
- SUPER-SECRET EASTER EGG**: Marked with yellow text and a blue line pointing to a yellow bell-like object at the bottom left.
- FF**: Marked with yellow text and a blue line pointing to a grey whale icon.
- INSIDE WHALE: (SING WHALE SONG)**: Marked with yellow text and a blue line pointing to a blue dot on the whale's back.
- 033 FROZEN VEIL**: Marked with red text and a blue line pointing to two blue dots on the bottom right.

Other items shown include a blue fish skeleton with arrows, a blue fish, a grey camera, and a grey leech.
